Press Release: Body found in Connecticut River Identified

On May 24, 2016 at approximately 5:40pm a couple fishing in the Connecticut River observed a body floating in the water and contacted the police department.

The Office of Chief Medical Examiner performed an autopsy on the body this morning.

The body was identified as Justina Alicea (age 19) from Middletown, CT. Alicea was reported missing to the Middletown Police Department last Friday (5/20/16).

At this time, no foul play is suspected in the death of Justina Alicea.

Alicia's family has been notified. Please respect their privacy during this time of sorrow. The Middletown Police Department sends its condolences to Alicia's family.

"To proudly serve in partnership with the community through a commitment to excellence, professionalism and integrity"
