PRESS RELEASE

FOR IMMEDIATE RELEASE

In anticipation of the snowstorm, Mayor Daniel T. Drew is declaring a parking ban effective at 12:00 A.M. on February 8, 2013. The Department of Public Works requests that you make arrangements to remove your vehicles parked on City streets. Should you need off-street parking, you may park at the following municipal parking lots:

Corner of Washington/Broad Street

Broad Street (across from Russell Library)
Melilli Plaza (behind Main Street Market)

Parked vehicles on City streets must be removed by 12:00 A.M., or run the risk of being towed by the Middletown Police at the owner's expense. If a vehicle is towed during the parking ban, you may claim the vehicle by contacting the Middletown Police Department at 347-6941. All payments, i.e., the ticket and towing charge, must be paid at the Police Department before a vehicle is released.

The Mayor asks for everyone's cooperation. Due diligence will be exercised, but safety will remain a priority. Please help the Public Works Department employees to properly clear all City streets.

A handwritten signature in black ink, appearing to read "William J. Russo", is written over a horizontal line.

William J. Russo
Director of Public Works
