INTRODUCTION

In 1945, the City of Middletown (the “City”), a Connecticut municipality, adopted the Retirement System of the City of Middletown (the “Plan”). The Plan was and is intended to be a governmental retirement plan, as defined in Section 414(d) of the Internal Revenue Code (“Code”), and was and is intended to qualify as a defined benefit retirement plan under Section 401(a) of the Code. It is also intended that all Member Contributions to the Plan, except for those employees who are covered by the Police CBA, be “picked-up” (treated as pre-tax) and treated as employer contributions as described in Section 414(h) of the Code so that the contributions, when made, would not be taxable to the Members.

The Plan is funded with a trust, under which there is separate accounting for the three covered groups of Members—certain eligible police department employees, fire department employees and general government employees. The Plan is maintained for the exclusive benefit of Members and their Beneficiaries.

In the past, the terms of the Plan were set forth in the City’s Code of Ordinances (“Ordinances”), as well as in various personnel policies and collective bargaining agreements. The terms of the Plan have been amended through the years by a combination of amendments to the Ordinances and the adoption of updated personnel policies and bargaining agreements. The City has determined that it is in the best interest of the Plan’s Members and their Beneficiaries to streamline the Ordinances to include the fundamental provisions of the Plan and to incorporate by reference a separate plan document, which sets forth the specific details of the Plan’s design and operation. In light of the foregoing, effective July 3, 2017, the Plan shall be set forth in: (1) the Ordinances; (2) this Plan document; and (3) the retirement provisions of any personnel policies or collective bargaining agreements intended to supersede or supplement the Plan provisions set forth in the Ordinances and this Plan document. It is generally intended that all provisions required to comply with the Code shall be included in this Plan document, which will be incorporated by reference into the Ordinances. It is also intended that Plan provisions not typically subject to negotiation or change will be set forth in this Plan document, rather than in personnel policies and collective bargaining agreements.

Unless otherwise stated herein, the rights of Members who terminated service on or before July 2, 2017 shall be determined under the Ordinances, as modified by any applicable collective bargaining agreement or personnel policy, in effect on such Member’s date of termination and shall not be affected by any provision of this amendment and restatement, except as otherwise specifically provided in this Plan. Additionally, to the extent that any provisions of the Ordinances in effect on July 2, 2017 or any applicable collective bargaining agreement or personnel policy in effect on that date, impact the determination of a Member’s benefit accrued on or before July 2, 2017, those provisions of the Ordinances shall continue to apply.

3.02 Member Contributions Treated as Picked-Up.

- (a) Member Contributions made by Members in accordance with Section 3.01, other than Members covered by the Police CBA, shall be “picked up” by the City as permitted under Section 414(h)(2) of the Code. Such Member Contributions shall be withheld from a Member’s pay on a pre-tax basis and shall be treated as employer contributions. Member Contributions made by Members covered by the Police CBA shall be withheld from a Member’s pay on an after-tax basis.
- (b) Member Contributions picked up by the City shall be paid to the Trust from the City’s general fund. A deduction shall be made from each Member’s Earnings equal to the amount of the Member Contributions picked up by the City, provided that such deduction shall not reduce the Member’s Earnings for purposes of computing benefits under this Plan. Member Contributions made by Members covered by the Police CBA shall be paid to the Trust after being withheld from the Member’s pay.

3.03 Return of Member Contributions.

- (a) A Member shall receive a return of his or her Member Contributions, plus Credited Interest, if the Member has a Severance from Employment: (i) prior to his or her completion of ten (10) Years of Service; and (ii) before he or she becomes eligible for a Retirement Benefit from the Plan. Any such payment shall be made to the Member in a single sum as soon as administratively practicable after his or her Severance from Employment.
- (b) A Member who has a Severance of Employment prior to the date he or she becomes eligible to receive a Retirement Benefit from the Plan, but after completing ten (10) Years of Service, shall be eligible to request a return of his or her Member Contributions, plus Credited Interest, in lieu of a Retirement Benefit from the Plan. Any such payment shall be made to the Member in a single sum as soon as administratively practicable following the date he or she makes a written request for such return of Member Contributions, provided that such request must be made before the Member’s Normal Retirement Date.
- (c) Member Contributions, plus Credited Interest, shall be returned if the Member: (i) dies before commencing to receive a Retirement Benefit from the Plan; and (ii) no death benefit is payable under Article X. Such Member Contributions, plus

Credited Interest, shall be paid to the individual determined under subparagraph (e) in a single lump sum payment as soon as administratively practicable following the Member's death.

- (d) If a Member dies while receiving a Retirement Benefit from the Plan, and no death benefit is payable under Article X, the individual determined under subparagraph (e) shall receive an amount payable in a single sum payment that is equal to the excess, if any, of:
 - (i) the Member Contributions, determined as of the date Retirement Benefits commenced under the Plan, over
 - (ii) the amount of all benefit payments made from the Plan on behalf of the Member as of the date of his or her death.

Such payment shall be made as soon as administratively practicable following the Member's death.

- (e) Any refund of contributions under this Section 3.03 that is made following the death of the Member shall be payable first to the Member's Spouse; next, to his or her child(ren), in equal shares; and last, to the Member's estate.
- (f) If:
 - (i) a Member died and had commenced receiving Retirement Benefits at the time of his or her death,
 - (ii) death benefits were payable under Article X at one time, but ceased to be payable due to the death or remarriage of the Member's Spouse or the death or attainment of age 18 of the Member's child(ren),
 - (iii) the total amount of benefits paid to the Member, the Member's Spouse and/or the Member's child(ren) under Article X did not exceed the contributions made by the Member under Section 3.01, plus Credited Interest, and
 - (iv) the Plan has no further obligation to provide benefits to the Member, the Member's Spouse or the Member's child(ren),

the Member's Spouse if he or she is not otherwise eligible for a death benefit; or if no such Spouse survives the Member, the Member's estate, shall receive single lump sum payment of the excess, if any, of:

- (i) the Member Contributions, determined as of the date Retirement Benefits commenced under the Plan, over

- (ii) the amount of all Retirement Benefits paid from the Plan on behalf of the Member, his or her Spouse and/or his or her child(ren) as of the date death benefits cease to be payable.

Such payment shall be made as soon as administratively practicable following the Member's death.

- (g) If the Plan is discontinued, any Member not entitled to a Retirement Benefit under Section 13.02 shall receive a return of his or her Member Contributions, plus Credited Interest, as soon as administratively practicable following the date the Plan is terminated.
- (h) Any return of Member Contributions under this Section 3.03 shall constitute a complete distribution of the Member's interest in the Plan and no further benefit shall be due from the Plan to the Member, his or her Spouse, child(ren), Beneficiary, estate or any other person.

3.04 Direct Rollover of Eligible Rollover Distributions.

- (a) Notwithstanding any provision of the Plan to the contrary that would otherwise limit a Member's election under Section 3.03, a Member may elect, at the time and in the manner prescribed by the City, to have any portion of an Eligible Rollover Distribution paid directly to an Eligible Retirement Plan specified by the Member in a Direct Rollover.
- (b) A "Direct Rollover" is an eligible rollover distribution, except hardship distributions as provided in Section 401(k)(2)(B)(i)(IV) of the Code, that is paid directly to:
 - (i) an individual retirement account described in Section 408(a) of the Code;
 - (ii) an individual retirement annuity described in Section 408(b) of the Code;
 - (iii) an annuity plan described in Section 403(b) of the Code;
 - (iv) an eligible plan under Section 457(b) of the Code maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state;
 - (v) a qualified plan described Sections 401(a) and 403(a) of the Code that accepts the eligible rollover distribution; or
 - (vi) a Roth individual retirement account described in Section 408A of the Code (subject to certain income restrictions for Direct Rollovers made before January 1, 2010).
- (c) A Member may elect to have a portion of an eligible rollover distribution distributed to him and a portion distributed as a Direct Rollover. A Direct

Rollover of a Member's Member Contributions plus Credited Interest or a portion thereof may only be made to a single recipient plan. A Member may not elect a Direct Rollover of a distribution that does not exceed \$200 (\$500 if the Participant is electing a Direct Rollover of only a portion of his Member Contributions plus Credited Interest). A Member electing a Direct Rollover shall be required to furnish the City with adequate information with respect to the recipient plan, including, but not limited to, the name of the recipient plan and a representation that the recipient plan is an eligible individual retirement plan or qualified defined contribution plan and that it will accept the Member's Direct Rollover.

If a Member fails to elect a Direct Rollover or provide the City with adequate information in order to make a Direct Rollover prior to the date distribution is to be made to such Member, such Member shall be deemed not to have elected a Direct Rollover.

- (d) The foregoing requirements of this Section shall apply to distributions made to a surviving Spouse.

3.05 City Contributions

The City shall pay annually to the Plan such amount, as determined by the Retirement Board based on sound actuarial principles, as necessary, in addition to contributions of the Members, to provide future pensions and other benefits under the Plan on account of service rendered by Members subsequent to the date upon which each shall begin participation in the Plan.

The City shall select two impartial medical examiners to perform the impartial medical examinations. In no event shall a Member's personal treating physician be utilized as an impartial medical examiner. The cost of these impartial medical examinations shall be paid from the Trust.

- (d) Upon receipt of the results of the impartial medical examinations described above, the Retirement Board shall consider the Member's application for a Disability Retirement Benefit at its next regularly scheduled meeting, or, if the results are received without sufficient notice for the application to be heard at such meeting, the application shall be heard at or before the second regularly scheduled Retirement Board meeting.
- (e) In determining whether a Member is entitled to a Disability Retirement Benefit, the Retirement Board shall consider: (i) the results of the impartial medical examinations; (ii) any evidence presented by the Member; and (iii) any evidence presented by the City. Such application shall be considered in executive session as a matter involving an individual employee unless the Member requests that said meeting be held as an open meeting.
- (f) A Member's application for a Disability Retirement Benefit shall be granted if the Retirement Board is presented with sufficient proof demonstrating that the Member is Totally and Permanently Disabled, including, but not limited to, the impartial medical examinations ordered by the Retirement Board. The determination of the Retirement Board shall be conclusive and binding upon all persons.

5.03 Timing of Commencement of Disability Retirement Benefit.

A Member found to be eligible for a Disability Retirement Benefit pursuant to Section 5.02 shall be entitled to receive a Disability Retirement Benefit commencing on the date that the Retirement Board approves the Disability Retirement Benefit.

5.04 Amount of Disability Retirement Benefit.

- (a) The amount of a Member's Disability Retirement Benefit shall be calculated using the Normal Retirement Benefit formula set forth in the applicable Appendix, based upon the Member's Final Average Earnings and Years of Service as of the date the Member became Totally and Permanently Disabled.
- (b) The amount of the Member's Disability Retirement Benefit shall be offset by any awards or payments concurrently received by the Member under the provisions of the Connecticut Workers' Compensation Act.
- (c) Notwithstanding the foregoing, in no event shall the annual Disability Retirement Benefit payable to a Member who is Totally and Permanently Disabled and whose disability was sustained during the performance of essential duties of his or her

position with the City be less than fifty percent (50%) of the Member's annual rate of Earnings on the date he or she became Totally and Permanently Disabled.

5.05 Right to Affirm That Member Continues to Be Totally and Permanently Disabled.

- (a) In any case where the Retirement Board deems it necessary or advisable, the Retirement Board may require that a Member receiving a Disability Retirement Benefit submit to physical examination, including, but not limited to, diagnostic tests, by a physician or physicians selected by the Retirement Board. The purpose of this examination shall be to determine whether the Member continues to be Totally and Permanently Disabled and eligible to receive a Disability Retirement Benefit. The cost of any such diagnostic test or exam shall be paid from the Trust.
- (b) If a Member refuses to submit to any such physical examination or test, the Retirement Board shall have the right to determine without regard to any other evidence that the Member is no longer Totally and Permanently Disabled. This provision shall not apply if the Member is able to demonstrate to the Retirement Board that the examination or test would be dangerous to the Member's life or health.
- (c) The Retirement Board shall also have the right to inquire about the employment status of a Member receiving a Disability Retirement Benefit. A Member who fails to respond to a written inquiry from the Retirement Board regarding his or her employment status within 60 days of the inquiry shall be deemed to be engaged in substantially gainful occupation.

5.06 Cessation of Disability Retirement Benefit.

- (a) A Member will cease to receive a Disability Retirement Benefit as of the earliest of the following dates:
 - (i) the date the Member ceases to be Totally and Permanently Disabled;
 - (ii) the date the Member fails to submit requested satisfactory proof that the Member continues to be Totally and Permanently Disabled;
 - (iii) the date the Member is determined by the Retirement Board to be engaged in a substantially gainful occupation (except as otherwise provided in an applicable Appendix); or
 - (iv) the date of the Member's death.
- (b) If a Member's Disability Retirement Benefit is discontinued under subparagraphs (a)(i), (a)(ii) or (a)(iii) above, and the Member otherwise meets the requirements for benefit under Section 4.01 or Section 4.02, he or she shall be eligible to receive a benefit under the applicable Section calculated using his or her Final

Average Earnings and Years of Service as of the date he or she became Totally and Permanently Disabled.

- (c) If a Member's Disability Retirement Benefit is discontinued under subparagraphs (a)(i), (a)(ii) or (a)(iii) above, and the Member does not meet the requirements for benefit under Section 4.01 or Section 4.02, he or she shall be eligible to receive a refund of Member Contributions in a single sum payment that is equal to the excess, if any, of:
 - (i) the Member's Member Contributions, determined as of the date Disability Retirement Benefits commenced under the Plan, over
 - (ii) the amount of all benefit payments made from the Plan on behalf of the Member as of the date he or she ceases to be eligible for a Disability Retirement Benefit.

Such payment shall be made as soon as administratively practicable following the date the Member ceases to be eligible for a Disability Retirement Benefit.

- (d) If a Member's Disability Retirement Benefit is discontinued under subparagraph (a)(iv) above, the Member's Spouse or child(ren) may be eligible for a death benefit subject to the requirements of Article X.

6.02 Amount of Deferred Retirement Benefit.

A Member who retires on his or her Deferred Retirement Date as set forth in Section 4.02 shall be calculated in the same manner as the Normal Retirement Benefit set forth in Section 6.01, except that the Member's Final Average Earnings and Years of Service shall be determined as of the Member's Deferred Retirement Date.

6.05 Maximum Benefit.

- (a) In no event shall the benefit provided to a Member under Section 6.01 or 6.02 exceed seventy percent (70%) of such Member's Final Average Earnings.

**ARTICLE VII
LIMITATIONS ON BENEFITS**

7.01 Code Limitations on Benefits.

The benefits payable under this Plan shall be subject to the following limitations:

(a) Basic Limitation.

- (i) Regardless of any other provision of this Plan, other than subparagraph (f) below, an annual benefit payable hereunder shall not exceed \$215,000, or such other amount as may be prescribed under the Code and Treasury Regulations issued thereunder.
- (ii) For purposes of this Section, “annual benefit” means a benefit payable annually in the form of a straight life annuity (with no ancillary benefits) without regard to the benefit attributable to after-tax Member Contributions (except pursuant to Section 415(n) of the Code) and to rollover contributions (as defined in Section 415(b)(2)(A) of the Code). The “benefit attributable” shall be determined in accordance with Treasury Regulations.

(b) Benefit Beginning After Age 65.

- (i) For limitation years beginning before July 1, 2007, the dollar limitation on a Member’s benefit under Section 7.01(a) shall be equal to the annual amount of a benefit payable in the form of a straight life annuity commencing at the Member’s Annuity Starting Date that is the actuarial equivalent of such dollar limitation (adjusted under Section 7.01(e) if required) computed using the Plan’s mortality table and whichever of the following produces the smaller annual amount: (1) the Plan’s interest rate; or (2) five percent (5%).
- (ii) For limitation years beginning on or after July 1, 2007, the dollar limitation on a Member’s benefit shall be equal to the lesser of the limit determined under subparagraph (b)(i) above and the dollar limit under Section 7.01(a) (adjusted under Section 7.01(e) if required), multiplied by the ratio of the annual amount of the adjusted immediately commencing straight life annuity under the Plan at the Member’s Annuity Starting Date to the annual amount of the adjusted immediately commencing straight life annuity under the Plan at age sixty-five (65), both determined without applying the limitations of this Section 7.01. For this purpose, the adjusted immediately commencing straight life annuity under the Plan at the Member’s Annuity Starting Date is the annual amount of such annuity payable to the Member, computed disregarding the Member’s accruals after age sixty-five (65) but including actuarial adjustments even if those actuarial adjustments are used to offset accruals, and the adjusted immediately commencing straight life annuity under the Plan at age sixty-

five (65) is the annual amount of such annuity that would be payable under the Plan to a hypothetical Member who is age sixty-five (65) and has the same accrued benefit as the Member.

- (c) Benefits Beginning Before Age 62.
- (i) For limitation years beginning before July 1, 2007, the dollar limitation under Section 7.01(a) is the annual amount of a benefit payable in the form of a straight life annuity commencing at the Member's Annuity Starting Date that is the actuarial equivalent of the dollar limit under Section 7.01(a) (adjusted under Section 7.01(e) if required) with actuarial equivalence computed using the Plan's mortality table and whichever of the following produces the smaller annual amount: (1) the Plan's interest rate; or (2) five percent (5%).
 - (ii) For limitation years beginning on or after July 1, 2007, the dollar limitation under Section 7.01(a) is the lesser of the limitation determined under subparagraph (c)(i) above and the dollar limit under Section 7.01(a) (adjusted under Section 7.01(e) if required) multiplied by the ratio of the annual amount of the immediately commencing straight life annuity under the plan at the Member's Annuity Starting Date to the annual amount of the immediately commencing straight life annuity under the Plan at age sixty-two (62), both determined without applying the limitations of this Section 7.01.
- (d) Exception to Basic Limitation. The limitation in subparagraphs (a), (b) and (c) above shall not be applied to reduce the benefit of any Member below \$10,000.
- (e) Secondary Limitations. The limitation in Section 7.01(a) shall be reduced in the case of any Member who has had less than ten (10) years of participation in the Plan by multiplying the limitation by a fraction whose numerator is the number of years (or part thereof) of participation in the Plan and the denominator of which is ten (10).
- (f) Cost-of-Living Limitation Adjustment. If the Secretary of the Treasury shall, by regulations, have raised the \$215,000 limitation of subparagraph (a) above to reflect increases in the cost of living, such new limitation at the time of a Member's commencement of benefits shall be applied.
- (g) For purposes of this Section 7.01, average compensation with respect to any Member shall mean the wages, salaries, fees for professional services and other amounts paid to such Member by the City for personal services actually rendered in the course of employment with the City, and shall include, without being limited to, bonuses, overtime payments and commissions; and any elective deferrals that are not includible in gross income of the Member by reason of Sections 125, 132(f), 402(g), or 457(b) of the Code; and shall exclude other deferred compensation, stock options and other distributions which receive

special tax benefits under the Code. Notwithstanding the foregoing, in no event shall a Member's remuneration include amounts in excess of the limit set forth in Section 401(a)(17) of the Code that applies to the limitation year for which Compensation is being determined. Compensation shall also include payments made by the later of two and one half months after or the end of the limitation year that includes the date of severance from employment, provided that absent a severance from employment, such payments would have been paid to the employee while the employee continued in employment with the City and are regular compensation for services during the employee's regular working hours, compensation for services outside of the employee's regular working hours (such as overtime or shift differential), commissions, bonuses or other similar compensation.

Effective with respect to amounts paid after December 31, 2008, compensation shall also include differential wage payments made to active duty members of the uniformed services in accordance with Section 3401(h) of the Code. For this purpose, differential wage payments shall mean any payment which:

- (i) is made by an employer to an individual with respect to any period during which the individual is performing service in the uniformed services (as defined in chapter 43 of title 38, United States Code) while on active duty for a period of more than thirty (30) days, and
 - (ii) represents all or a portion of the wages the individual would have received from the employer if the individual were performing service for the employer.
- (h) Exception for Death Benefits and Disability Retirement Benefits. The limitations in subparagraphs (c) and (e) shall not be applied to reduce (i) the benefit of a Member who receives a Disability Retirement Benefit in accordance with the provisions of Article V of the Plan, or (ii) the death benefits payable under Article X of the Plan.
- (i) Exception for Certain Police Officers and Firefighters. The limitation in subparagraph (c) shall not be applied to reduce the benefit of a Member who is an employee of the City's police department or fire department who has completed fifteen (15) years of service providing police protection, firefighting services, or emergency medical services.

7.02 Code Limitations on Police Contributions.

- (a) Limitation on Annual Additions. Anything in this Article VII to the contrary notwithstanding, in no event shall Member Contributions made with respect to any Plan Year regarding a Member subject to the Police CBA exceed the lesser of \$54,000 (as modified for cost of living adjustments under Section 415 of the Code) or one hundred percent (100%) of such Member's compensation, as defined by Section 415(c)(3) of the Code, for the Plan Year.

- (b) Treatment of Excess Annual Additions. If the limitation on Member Contributions made by a Member is exceeded, such excess Member Contributions shall be corrected as permitted under applicable law, statute, regulation or procedure.

**ARTICLE VIII
DISTRIBUTION OF BENEFITS**

8.01 Form of Benefit.

A Member's Normal Retirement Benefit under Section 6.01, Deferred Retirement Benefit under Section 6.02 and Disability Retirement Benefit under Section 5.04 shall be paid in the form of a life annuity, with payments made each month during the Member's life and the final payment made for the month of the Member's death.

8.02 Commencement of Benefit Payments

A Member's benefit payments shall be deemed to commence on his or her Normal Retirement Date, Disability Retirement Date, or Deferred Retirement Date. The first and last monthly benefit payment shall be adjusted, as applicable, if the Member was not eligible to receive a full month of benefits for such month. The amount of such adjusted benefit shall be determined by multiplying the Member's monthly benefit amount by a fraction. For a Member's first monthly benefit payment, the numerator of this fraction shall be the number of days occurring between the Member's Normal Retirement Date, Disability Retirement Date or Deferred Retirement Date and the last day of the month, and the denominator shall be the number of days in the month. For a Member's final monthly benefit payment, the numerator of this fraction shall be the number of days occurring between the first day of the month and the day on which the Member's death occurs, and the denominator shall be the number of days in the month. Payments shall generally be made on the twenty-sixth (26th) day of the month, although the City shall have discretion to make all payments on an earlier date for purposes of administrative convenience.

8.03 Latest Commencement of Benefits.

A Member's interest in the Plan must commence no later than the Member's Required Beginning Date. All distributions required under this Article VIII shall be determined and made in accordance with Section 401(a)(9) of the Code and its accompanying regulations, including the minimum distribution incidental benefit requirement set forth in Treas. Regs. Section 1.401(a)(9)-6.

8.04 Suspension of Benefits.

- (a) If a Member continues to be an Eligible Employee of the City after reaching his or her Normal Retirement Date, any benefits payable to such Member or retired or former Eligible Employee under the Plan shall be suspended during the period of such continued employment.
- (b) If a Member is reemployed by the City, other than as a temporary employee, after Retirement Benefits from the Plan have commenced, such Member's Retirement Benefits shall be suspended for the duration of his or her employment, other than as a temporary employee. Payments shall resume, adjusted for an additional

benefit accrued under paragraph (a), on the date the Member is no longer employed by the City or is only employed by the City as a temporary employee.

8.05 Cost of Living Adjustments.

Except as otherwise provided herein, as of each July 1, the Plan Administrator shall adjust the monthly benefit of each Member who is retired and has commenced receiving monthly Retirement Benefits, and the monthly benefit of the Spouse or child(ren) of a deceased Member who are entitled to and receiving a monthly death benefit, by the amount of the year over year increase in the Consumer Price Index - U (CPU-U) ("Index"), compiled by the United States Department of Labor, Bureau of Labor Statistics. The amount of such adjustment shall be determined as follows:

- (a) The percentage increase in the Index shall be determined by dividing the Index for March in the current calendar year by the Index for March of the preceding calendar year.
- (b) Notwithstanding the foregoing, no adjustment shall be made under this Section 8.05 if the increase in the Index, as determined under subparagraph (a), is less than zero percent (0%).
- (c) Notwithstanding the foregoing, the amount of any adjustment under this Section 8.05 shall not exceed three percent (3%), regardless of whether the percentage increase calculated in subparagraph (a) exceeds that amount.

In the case of any Member who has been retired for less than twelve (12) full months on any such July 1, such Member's adjustment, if any, under this Section shall be reduced by multiplying the adjustment determined under subparagraphs (a), (b) and (c) by the ratio of the number of full months that have elapsed since the Member's retirement over twelve (12).

Notwithstanding the foregoing, effective July 1, 2016, the adjustment shall be two percent (2%). In addition, the adjustment effective July 1, 2017, shall not be less than two percent (2%) if the amount determined above would be less than two percent (2%). On July 1, 2018 and each July thereafter, each retiree's pension shall be adjusted in accordance with subsections (a) through (c) of this section.

**ARTICLE IX
TERMINATION OF EMPLOYMENT**

9.01 Vesting.

- (a) Except to the extent modified by an applicable Appendix, a Member shall become vested in his or her benefit under the Plan in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 10 Years	0%
10 or More Years	100%

- (b) A Member shall be one hundred percent (100%) vested, regardless of his or her actual Years of Service, upon the termination of the Plan.
- (c) If a Member leaves employment with the City to perform qualified military service and dies while performing such qualified military service, to the extent that the Member was not fully vested at the time such Member commenced the period of qualified military service during which death occurred, such Member shall be fully vested as if he or she died while employed by the City. For purposes of this provision, the term “qualified military service” shall be defined as set forth in Section 414(u) of the Code.

9.02 Refund of Member Contributions.

Any Member who terminates employment prior to becoming vested under Section 9.01 shall receive a return of his or her Member Contributions as described in Section 3.03.

9.03 Deferred Vested Benefit.

- (a) A Member who:
- (i) has a Severance of Employment with the City;
 - (ii) has completed at least ten (10) Years of Service; and
 - (iii) has not yet reached his or her Normal Retirement Date

may elect to leave his or her Member Contributions in the Plan until his or her Normal Retirement Date.

- (b) A Member who elects to leave his or her Member Contributions in the Plan shall be eligible to receive a Normal Retirement Benefit determined as described in Section 6.01. Such benefit shall be calculated based on the Member’s Final Average Earnings and number of Years of Service as of the date of his or her Severance from Employment.

- (c) A Member entitled to a Normal Retirement Benefit under subparagraph (a) above shall have the option to request a return of his or her Member Contributions under Section 3.03(b). Such return of Member Contributions shall be in lieu of the benefit described in subparagraph (b) above. Should a Member elect payment under Section 3.03(b), his or her benefit shall be considered paid in full and he or she shall not be entitled to any additional benefits.

9.04 Forfeitures.

Any forfeitures arising from the termination of employment or death of a Member, or for any other reason, shall be used to reduce the City's contributions to the Trust. In no event shall forfeitures be used to increase a Member's Retirement Benefit.

**ARTICLE XI
TRUST**

11.01 Trust.

The Trust is maintained by the Trustee for the Plan under a trust agreement with the City. Benefits under the Plan shall be payable from the assets of the Trust. The Trust shall be funded as described in the Ordinances.

11.02 Segregation of Amounts.

The Plan is funded with a single trust, under which there is separate accounting for the three covered groups of Members—police department employees, fire department employees and general government employees. The assets of each subaccount shall consist of the contributions made by Members within the group and City contributions for such Members, plus earnings thereon, and the liabilities of such subaccount shall be equal to the benefits accrued on behalf of the Members within the group.

Notwithstanding this separate account, the assets of the Trust shall be available to pay all liabilities of the Plan, regardless of the subaccount to which a particular Member belongs.

11.03 Expenses of the Plan.

The expenses of administration of the Plan shall be paid from the Trust, unless the Common Council elects to pay some or all such expenses from the general fund.

11.04 No Reversion.

The Trust shall be for the exclusive benefit of Members, their beneficiaries and persons claiming Plan benefits under or through them. All contributions made to the Trust by the City shall be irrevocable, and such contributions, as well as the assets of the Trust, or any portion of the principal or income thereof, shall never revert to or inure to the benefit of the City except that:

- (a) the residual amounts specified in Article XIII may be returned to the City; and

The City shall determine, in its sole discretion, whether the contributions described above, other than the residual amounts described in subparagraph (a), shall be returned to the City. If any such contributions are to be returned, the City shall direct the Trustee, in writing to return such amounts.

11.05 Change of Funding Medium.

The Common Council shall have the right to change at any time the means through which benefits under the Plan shall be provided. No such change shall constitute a termination

of the Plan or result in the diversion to the City of any funds previously contributed in accordance with the Plan.

ARTICLE XII
PLAN ADMINISTRATION

12.01 Administration.

The Plan shall be administered by the Retirement Board. The Retirement Board shall have the powers set forth in the Ordinances.

**ARTICLE XIII

13.01 Amendment of Plan.

The Plan may be amended by the City, by action of the Common Council at any time for any reason. With the exception of the appendices attached hereto, which, if appropriate, must be revised by the Common Council either at the same time or after its approval of any collective bargaining tentative agreement or revision to the Personnel Rules, prior to the adoption of any amendment to the Plan, such amendment shall be provided to the Retirement Board for review. However, no such amendment shall authorize or permit any part of the Trust to be used for or diverted to purposes other than for the exclusive benefit of the Members or their beneficiaries; no such amendment shall cause any reduction in the accrued benefit of any Member, or cause or permit any portion of the Trust to revert to or become the property of the City; and no such amendment which affects the rights, duties or responsibilities of the Trustee may be made without the Trustee's written consent. Any such amendment which affects the rights, duties or responsibilities of the Trustee shall only become effective upon delivery of a written instrument, executed by the City, to the Trustee and the endorsement of the Trustee of his or her written consent thereto, if such consent is required.

13.02 Termination.

It is intended that the Plan will be continued indefinitely, but the City, by action of the Common Council, reserves the right to terminate the Plan on or after such time as there are no Members eligible to accrue additional benefits under the Plan. In the event the Plan is terminated, the rights of each Eligible Employee to benefits accrued as of the date of such termination shall be fully vested and non-forfeitable.

The available Plan assets will be disposed of through the purchase of annuities, for the exclusive benefit of Members and their beneficiaries, in the order of priorities stated at the end of this paragraph. An annuity under which payments will commence immediately will be provided for each person who is receiving benefit payments immediately before the termination of the Plan, and immediately before the termination of the Plan for each Member on his or her Deferred Retirement Date. Deferred annuities, with the first payment due to commence at Normal Retirement Date, will be provided for all other Members.

Class 1. The Accrued Benefit attributable to Member Contributions.

Class 2. Any other retirement benefits, starting at Normal Retirement Date, for Members who retain a vested interest in plan benefits.

Class 3. All other accrued annuity benefits as to which an allocation has not been made pursuant to the above priorities.

Class 4. All other benefits under the Plan.

Any Plan assets remaining due to an actuarial error after satisfaction of all liabilities of the Plan to Members, beneficiaries, and other parties will be distributed to the City provided the City obtains the consent of the Internal Revenue Service.

The necessary assets determined on the basis of the present value of benefits accrued as of the termination date will be fully allocated under Class 1 before any assets are allocated under Class 2; and then fully allocated under Class 2 before any allocation is made to Class 3; and, so on, allocated to the Class with the lower number before allocation to the higher number Class.

As to any assets available for allocation to Class 3 however, if such assets are not sufficient to satisfy in full the benefits accrued under Class 3 determined on the basis of the Plan provisions in effect as of the termination date, then the benefits under Class 3 to which allocation will be made will be determined instead on the basis of Plan provisions in effect at the later of (a) the beginning of the five (5) year period ending on the plan termination date, or (b) the effective date of the most recent plan amendment during such five (5) year period under which benefits would be fully satisfied by assets available for allocation to Class 3. Any assets remaining for allocation to Class 3 after such determination shall then be applied on a pro-rata basis to benefits for which no allocation has been made, determined from the plan on the date of termination.

13.03 Residual Assets.

Subject to the provisions of any applicable collective bargaining agreement, any residual assets of the Plan shall be distributable to the City if:

- (a) all Plan liabilities to Members and their beneficiaries have been satisfied; and
- (b) the distribution does not contravene any provision of applicable law.

**ARTICLE XIV
MISCELLANEOUS**

14.01 Rights of Employees and Members.

This Plan shall not be construed as creating any contract of employment between the City and any employee, and the City shall have the right in all respects to deal with its employees, their hiring, discharge, compensation and conditions of employment as though this Plan did not exist. Nothing in the Plan or Trust Agreement shall be construed as giving any Member or any other person, firm, or corporation, any legal or equitable right as against the City, their officials or employees, or as against the Trustee, except such rights as are specifically provided for in the Plan or Trust Agreement or hereafter created in accordance with the terms and provisions of the Plan.

14.02 Non-Assignability of Benefits.

No benefits under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, or garnishment. Any attempt so to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge or garnish the same shall otherwise be void; nor shall any such benefit be in any manner liable for or subject to the debts, contracts, liabilities, engagements or torts of the person entitled to such benefit, except as specifically provided in this Plan. Notwithstanding the foregoing, nothing in this Section shall prohibit the Plan from following the processing of an order or requirement under Section 401(a)(13)(C) of the Code. Effective July 3, 2017, the Plan shall no longer recognize a domestic relations order received by the City after such date for any member or beneficiary regardless of when the member ceased to be employed by the City.

If any Member or any other beneficiary under the Plan becomes bankrupt or attempts to anticipate, alienate, sell, transfer, assign, pledge, encumber or charge any benefit under the Plan, except as specifically provided herein, or if any garnishment is attempted, then such benefit shall, in the discretion of the Retirement Board, cease and terminate, and in that event the Retirement Board may accumulate or withhold income or apply the same for the support of such Member or beneficiary, or his or her family or any of them, in such manner and in such proportion as the Retirement Board may think proper.

14.03 Facility of Payment.

If, in the judgment of the Retirement Board, any person entitled to payment from the Plan is legally, physically or mentally incapable of personally receiving and receipting for any payment due him or her, such payment or any part thereof, may be made to any person or institution who, in the opinion of said Retirement Board, is then maintaining or has custody of such person, until a claim is made by the duly appointed guardian or other legal representative of such person. Such payments shall, to the extent thereof, discharge all liability of the Retirement Board, the City and the Trust.

14.04 Claims for Benefits; Legal Action.

The Retirement Board shall set forth a reasonable and equitable process for the consideration of claims for benefits.

If a Member, including his or her Spouse, child(ren) or Beneficiary, has a claim for benefits the individual will be required to bring such claim before the Retirement Board to exhaust his or her administrative remedies prior to filing such claim in a court of law. Any such claim must be filed in a court no later than six (6) years following the date on which the individual commenced receiving benefits from the Plan, or, if earlier, the date the individual purportedly should have commenced receiving benefits. Such six (6) year period shall be measured without regard for any period of time during which a claim for such benefits is pending before the Retirement Board. Persons legally incapable of bringing an action when the right accrues may sue at any time within the three (3) years next after becoming legally capable of instituting suit.

The limitation period set forth above is intended to apply without regard for any state or federal statute of limitations that might otherwise apply to an individual's claim for benefits from the Plan if the Plan were silent on the limitations of claims. Any claim filed after the limitation period set forth above has lapsed shall be time-barred.

14.05 Governing Law.

This Plan shall be construed according to the laws of the State of Connecticut, except to the extent any such laws are superseded by any applicable Federal law, in which case such Federal law shall apply.

14.06 Benefit Offsets for Overpayments.

If a Member or beneficiary receives benefits hereunder for any period in excess of the amount of benefits to which he or she was entitled under the terms of the Plan as in effect for such period, such overpayment, plus earnings, may be: (a) offset against current or future benefit payments, as applicable, until such time as the overpayment is entirely recouped by the Plan; or (b) recouped through repayment of the overpaid amount, plus applicable earnings, to the Trust.

14.07 Location of Participant or Beneficiary.

In the event that any benefit shall become payable hereunder to any person and if, after written notice from the Trustee mailed to such person's last known address as certified to the Trustee by the Retirement Board, such person shall not present himself or herself to the Trustee within two (2) years after the mailing of such notice, the Trustee shall notify the Retirement Board thereof. The Retirement Board shall thereupon attempt to locate such person or, failing in such effort, to locate such person's designated Beneficiary, if applicable. If the Retirement Board fails to locate such person or his or her Beneficiary, it shall attempt to locate such person's Spouse and/or blood relatives and to allocate the benefit among such persons in such manner as the Retirement Board in its absolute discretion deems equitable. If such person, Beneficiary, Spouse or blood relatives cannot

be located, the Retirement Board shall treat the benefit as a forfeited amount to be used to pay Plan administrative expenses or reduce future City contributions; provided, however, that in the event that such person is subsequently located such benefit shall be restored and paid to him or her. The Retirement Board's obligation to locate individuals under this Section shall be satisfied if the Retirement Board employs reasonable efforts to that end.

14.08 Pronouns and Headings.

Wherever any words are used herein in the masculine gender they shall be construed as though they were also used in the feminine or neuter gender in all cases where they would so apply, and wherever any words are used herein in the singular form they shall be construed as though they were also used in the plural form in all cases where they would so apply, and vice versa.

The titles of the various articles and sections of the Plan are inserted herein solely for convenience of reference, do not constitute a part of the Plan and shall be disregarded in construing, interpreting or applying any or all of the provisions hereof.

14.09 Shall.

In the event that the provisions of this Appendix B are inconsistent with the terms contained in the remainder of the Plan, the provisions contained in this Appendix B shall take precedence. In the event the provisions of this Appendix B are inconsistent with the terms of version of the Police CBA currently in effect, the Police CBA shall control to the extent it is intended to supersede or supplement the Plan provisions set forth in the Ordinances and/or this Plan document.

For purposes of this Appendix B, "Member" means (a) an Eligible Employee of the City who (b) is covered by the Police CBA; and (c) has met the eligibility requirements of Article II.

3. Disability Retirement Determination

- (a) No Member shall be entitled to receive a Disability Retirement Benefit unless and until the Member has first applied for workers compensation and either had the claim accepted by the City, or been awarded compensation by the Workers Compensation Commission, with all administrative and legal appeals exhausted or waived, or reached full and final settlement with the City on the amount of workers compensation to be paid. If the injury forming the basis of the disability claim is not recognized under Connecticut's workers compensation statute, it will not be payable.
- (b) In order to be eligible for a Disability Retirement Benefit, the Member must have at least two impartial medical examinations from medical doctors, one of whom may be the Member's treating physician, provided that the physician is in the City's network of approved workers compensation physicians. The medical doctors must conclude to a reasonable degree of medical certainty that the Member is totally and permanently disabled as a police officer.
- (c) If the first medical examination indicates that the member is disabled, a second medical examination will be required by the City, with the doctor to be selected by the City. If the first and second medical examinations disagree as to whether the member is totally and permanently disabled as a police officer, a third, and final, impartial medical examination, will be selected by the Workers Compensation Commissioner. If the Workers Compensation Commissioner does not select a third impartial medical doctor for the examination, then the City will commission one from a list of approved specialists, approved by the Workers Compensation Commission. The determination of disability will be based on the job description for a police officer as utilized for state certification purposes (POSTC) at the time of the disability.
- (d) Any impartial medical examination must conclude to a reasonable degree of medical certainty that the Member either is or is not totally and permanently disabled as a police officer. Should an examining doctor fail to so conclude, the City will make a one-time request that the doctor clarify the opinion to provide a firm conclusion in the affirmative or the negative. If no firm conclusion is provided, the report will not be considered to be and will not count as an impartial medical examination.
- (e) Upon receipt of the results of the impartial medical examinations described above, the Retirement Board shall consider the Member's application for a Disability

Retirement Benefit at its next regularly scheduled meeting, or, if the results are received without sufficient notice for the application to be heard at such meeting, the application shall be heard at or before the second regularly scheduled Retirement Board meeting.

- (f) In determining whether a Member is entitled to a Disability Retirement Benefit, the Retirement Board shall consider: (i) the results of the impartial medical examinations; (ii) any evidence presented by the Member; and (iii) any evidence presented by the City. Such application shall be considered in executive session as a matter involving an individual employee unless the Member requests that said meeting be held as an open meeting.
- (g) Article 25, Section 1(j) of the Police CBA, or a similar provision of any subsequent Police CBA, is hereby incorporated by reference.
- (h) A Member's application for a Disability Retirement Benefit shall be granted if the Retirement Board is presented with sufficient proof demonstrating that the Member is Totally and Permanently Disabled, including, but not limited to, the impartial medical examinations ordered by the Retirement Board. The determination of the Retirement Board shall be conclusive and binding upon all persons.

If the Member's Normal Requirement Benefit is greater than the amount provided in this Section then the Member may elect to receive the Normal Retirement Benefit upon attaining his or her Normal Retirement Date.
- (c) In no event will the maximum Disability Retirement Benefit payable to a Member covered by this Appendix B exceed seventy percent (70%) of the Member's Final Average Earnings. For this purpose, the Member's Final Average Earnings shall mean the average of the Member's annual Earnings during the four (4) consecutive Plan Years in which the Member had the highest Earnings.
