

# Curbside Textile Collection Restarting NOW!

*Update 5/12/2020*

We are thrilled to report that Simple Recycling is restarting its curbside collection of textiles effective immediately. Residents can put their pink bags out at the curb on their recycling collection day for pick up by Simple Recycling trucks. Reminder: the bags need to be placed on the ground, next to recycling carts and are collected from a different company than their trash and recycling hauler.

Acceptable items to put in the pink bags include: any clothing as long as it is not wet or has mildew on it. Stuffed animals, pocketbooks, shoes, stuffed animals, linens, blankets, a full list can be found [here](#).

Pink bags can be ordered on line at [www.simplerecycling.com](http://www.simplerecycling.com) or by contacting the [Recycling Coordinator](#). They will also be available at the Middletown Recycling Center.

Textiles can also be brought to one of the City's textile recycling bins. Locations are listed [here](#).

The Goodwill Store in Middletown is currently closed, however, they are accepting items on a "drop and go" method. So, items can still be donated and left on site.

Thank you everyone for your patience as we continue to recycle safely.
