INLAND/WETLANDS AND WATERCOURSES AGENCY
APPLICATION FOR
INLAND WETLANDS AND WATERCOURSES ACTIVITY

Ch# 202565

(Applicant to complete all information in Items 1-15
applications for significant activities should attach additional
sheets for Item 16)

<p>1. Applicant Name and Address DATTCO, Inc. 583 South Street New Britain, CT 06051</p>	<p>2. Property Owner Information (If different than applicant) L & D Middletown Realty, LLC 583 South Street New Britain, CT 06051</p>
<p>Telephone during Business hours: (860) 229-4878 Email: jim.paldino@accelerated-pm.com</p>	<p>Telephone during Business hours: (860) 229-4878 Email: dond@dattco.com</p>
<p>3. Applicant's Interest in Property: (Circle One) Owner Developer Option Holder Other (describe) Lessee</p>	<p>4. Exact Location of Property: Name of Street (including Assessor's Map, Block, and Lot Number) 133 Tuttle Road Middletown, CT Map Number 26-2016</p>
<p>5. Summary Description of Proposed Activity: Construction of office and vehicle wash bay</p>	
<p>6. Purpose of Proposed Activity: Expansion of business</p>	

DEPT. PLANNING & ZONING
20 JUL - 1 AM 11:44

7. Activity Location and site plan showing existing and proposed conditions in relation to wetlands and watercourses. Location of activity should be shown on the City's wetland maps.

Number of acres of wetlands (or portion thereof) on the property: 1,182 SF (0.043 Acres)

Total acreage of wetlands or linear feet of watercourse to be altered: No direct impact

Total area of impacted, regulated area: No additional impact from previously approved plan.

8. Estimated Time land will be disturbed during construction: 120 Days

9. Check applicable activities occurring within 0-100 feet from wetland or watercourse:

Removal

Filling

Surface Water Diversion

Paving

Vegetation Removal

Existing previously
Discharge: approved discharge
Specify Type

Other: _____
Specify Type

10. Explain in detail extent of any activity checked above and type of material:

Regrading of area to construct wash bay (Outside of upland review area) and office (portion of office is within the upland review area). Some paved areas around office. No work to be performed is closer or impacts wetlands any way different than previously approved plan.

11. Explain what alternatives have been considered in connection:

N/A

12. Identify any other local, State or Federal permits previously issued or that will be required for work on the property.

N/A

To comprise a complete application, the following must be submitted to the Inland Wetland and Watercourses Agency: twenty (20) copies of this application form; and, twenty (20) copies of the site plan and any supporting documentation. It is requested all permit applications should be submitted eight (8) days prior to the next scheduled Agency meeting to insure consideration at that meeting.

13. The undersigned is familiar with all the information provided in this application and is aware that any permit obtained through deception, inaccurate, or misleading information is subject to revocation.

16. If the proposed activity involves a significant activity as determined by the Agency and defined in Section 2 of these Regulations, additional information, based on the nature and anticipated effects of the activity, shall be submitted as per Section 3.6B of the Inland Wetlands and Watercourses Agency Regulations.

STATEWIDE INLAND WETLANDS & WATERCOURSES ACTIVITY REPORTING FORM

Pursuant to section 22a-39(m) of the General Statutes of Connecticut and section 22a-39-14 of the Regulations of Connecticut State Agencies, inland wetlands agencies must complete the Statewide Inland Wetlands & Watercourses Activity Reporting Form for **each** action taken by such agency.

This form may be made part of a municipality's inland wetlands application package. If the municipality chooses to do this, it is recommended that a copy of the Town and Quadrangle Index of Connecticut and a copy of the municipality's subregional drainage basin map be included in the package.

Please remember, the inland wetlands agency is responsible for ensuring that the information provided is **accurate** and that it reflects the **final** action of the agency. Incomplete or incomprehensible forms will be mailed back to the agency. Instructions for completing the form are located on the following pages.

The inland wetlands agency shall mail completed forms for actions taken during a calendar month no later than the 15th day of the following month to the Department of Energy and Environmental Protection (DEEP). Do **not** mail this cover page or the instruction pages. Please mail **only** the **completed** reporting form to:

DEEP Land & Water Resources Division
Inland Wetlands Management Program
79 Elm Street, 3rd Floor
Hartford, CT 06106

Questions may be directed to the DEEP's Inland Wetlands Management Program at (860) 424-3019.

INSTRUCTIONS FOR COMPLETING THE STATEWIDE INLAND WETLANDS & WATERCOURSES ACTIVITY REPORTING FORM

*Use a separate form to report EACH action taken by the Agency. Complete the form as described below.
Do NOT submit a reporting form for withdrawn actions.*

PART I: Must Be Completed By The Inland Wetlands Agency

1. Choose the year and month the Inland Wetlands Agency took the action being reported. If multiple actions were taken regarding the same project or activity then multiple forms need to be completed.
2. Choose ONE code letter to describe the final action or decision taken by the Inland Wetlands Agency. Do NOT submit a reporting form for withdrawn actions. Do NOT enter multiple code letters (for example: if an enforcement notice was given and subsequent permit issued - two forms for the two separate actions are to be completed).
 - A = A Permit Granted by the Inland Wetlands Agency (not including map amendments, see code D below)
 - B = Any Permit Denied by the Inland Wetlands Agency
 - C = A Permit Renewed or Amended by the Inland Wetlands Agency
 - D = A Map Amendment to the Official Town Wetlands Map - or -
An Approved/Permitted Wetland or Watercourse Boundary Amendment to a Project Site Map
 - E = An Enforcement Action: Permit Revocation, Citation, Notice of Violation, Order, Court Injunction, or Court Fines
 - F = A Jurisdictional Ruling by the Inland Wetlands Agency (i.e.: activities "permitted as of right" or activities considered non-regulated)
 - G = An Agent Approval pursuant to CGS 22a-42a(c)(2)
 - H = An Appeal of Agent Approval Pursuant to 22a-42a(c)(2)
3. Check "yes" if a public hearing was held in regards to the action taken; otherwise check "no".
4. Enter the name of the Inland Wetlands Agency official verifying that the information provided on this form is accurate and that it reflects the FINAL action of the agency.

PART II: To Be Completed By The Inland Wetlands Agency Or The Applicant - If Part II is completed by the applicant, the applicant MUST return the form to the Inland Wetlands Agency. The Inland Wetlands Agency MUST ensure that the information provided is accurate and that it reflects the FINAL action of the Agency.

5. Enter the name of the municipality for which the Inland Wetlands Agency has jurisdiction and in which the action/project/activity is occurring.

Check "yes" if the action/project/activity crosses municipal boundaries and enter the name(s) of the other municipality(ies) where indicated. Check "no" if it does not cross municipal boundaries.
6. Enter the USGS Quad Map name or number (1 through 115) as found on the Connecticut Town and Quadrangle Index Map (the directory to all USGS Quad Maps) that contains the location of the action/project/activity. Click on the following website for USGS Quad Map information: http://ct.gov/deep/lib/deep/gis/resources/Index_NamedQuadTown.pdf

ALSO enter the four-digit identification number of the corresponding Subregional Drainage Basin in which the action/project/activity is located. If the action/project/activity is located in more than one subregional drainage basin, enter the number of the basin in which the majority of the action/project/activity is located. Town subregional drainage basin maps can be found at UConn CLEAR's website: http://clear.uconn.edu/data/map_set/index.htm (no roads depicted) or at CTECO: http://www.cteco.uconn.edu/map_catalog.asp (depicts roads, choose town and a natural drainage basin map).
7. Enter the name of the individual applying for, petitioning, or receiving the action.
8. Enter the name and address or location of the action/project/activity. Check if the action/project/activity is TEMPORARY or PERMANENT in nature. Also provide a brief DESCRIPTION of the action/project/activity. It is always best to provide as much information as possible (i.e., don't just state "forestry", provide details such as "20 acre forestry harvest, permit required for stream crossing".)

9. Carefully review the list below and enter ONLY ONE code letter which best characterizes the action/project/activity. All state agency projects must code "N".

- | | |
|---|---|
| A = Residential Improvement by Homeowner | I = Storm Water / Flood Control |
| B = New Residential Development for Single Family Units | J = Erosion / Sedimentation Control |
| C = New Residential Development for Multi-Family / Condos | K = Recreation / Boating / Navigation |
| D = Commercial / Industrial Uses | L = Routine Maintenance |
| E = Municipal Project | M = Map Amendment |
| F = Utility Company Project | N = State Agency Project |
| G = Agriculture, Forestry or Conservation | P = Other (this code includes the approval of |
| H = Wetland Restoration, Enhancement, Creation | concept plans with no-on-the-ground work) |

10. Enter between one and four code numbers to best characterize the project or activity being reported. Enter "NA" if this form is being completed for the action of map amendment. You MUST provide code 12 if the activity is located in an established upland review area. You MUST provide code 14 if the activity is located beyond the established upland review area or no established upland review area exists.

- | | |
|---|--|
| 1 = Filling | 8 = Underground Utilities Only (no other activities) |
| 2 = Excavation | 9 = Roadway / Driveway Construction |
| 3 = Land Clearing / Grubbing (no other activity) | 10 = Drainage Improvements |
| 4 = Stream Channelization | 11 = Pond, Lake Dredging / Dam Construction |
| 5 = Stream Stabilization (includes lakeshore stabilization) | 12 = Activity in an Established Upland Review Area |
| 6 = Stream Clearance (removal of debris only) | 14 = Activity in Upland |
| 7 = Culverting (not for roadways) | |

Examples: Jurisdictional ruling allowing construction of a parking lot in an upland where the municipality does not have an established upland review area must use code 14, other possible codes are 2 and 10. Permitted construction of a free standing garage (residential improvement by homeowner) partially in an established upland review area with the remainder in the upland must use code 12 and 14, other possible codes are 1 and 2.

11. Leave blank for TEMPORARY alterations but please indicate action/project/activity is temporary under question #8 on the form. For PERMANENT alterations, enter in acres the area of wetland soils or watercourses altered. Include areas that are permanently altered, or are proposed to be, for all agency permits, denials, amendments, renewals, jurisdictional rulings, and enforcement actions. For those activities that involve filling or dredging of lakes, ponds or similar open water bodies enter the acres filled or dredged under "open water body". For those activities that involve directly altering a linear reach of a brook, river, lakeshore or similar linear watercourse, enter the total linear feet altered under "stream". Remember that these figures represent only the acreage altered not the total acreage of wetlands or watercourses on the site. You MUST provide all information in ACRES (or linear feet as indicated) including those areas less than one acre. To convert from square feet to acres, divide square feet by the number 43,560. If this report is being completed for an agency jurisdictional ruling and detailed information is not available, provide an estimate. Enter zero if there is no alteration.
12. Enter in acres the area of upland altered as a result of an ACTIVITY REGULATED BY the inland wetlands agency, or as a result of an AGENT APPROVAL pursuant to CGS section 22a-42a(c)(2). Leave blank for TEMPORARY alterations but please indicate action/project/activity is temporary under question #8 on the form. Include areas that are permanently altered, or proposed to be permanently altered, for all agent approvals, agency permits, denials, amendments, renewals, jurisdictional rulings, and enforcement actions. You MUST provide all information in ACRES including those areas less than one acre. See directions above (#11) for conversion factor. If this report is being completed for an agent approval or an agency jurisdictional ruling and detailed information is not available, provide an estimate. Enter zero if there is no alteration.
13. Enter the acres that are, or are proposed to be, restored, enhanced or created for all agency permits, denials, amendments, renewals, jurisdictional rulings and enforcement actions. NOTE restored or enhanced applies to previously existing wetlands or watercourses. Created applies to a non-wetland or non-watercourse area which is converted into wetlands or watercourses (question #10 must provide 12 and/or 14 as an answer, and question #12 must also be answered). You MUST provide all information in ACRES including those areas less than one acre. See directions above (#11) for conversion factor. Enter zero if there is no restoration, enhancement or creation.

PART III: To Be Completed By The DEEP - Please leave this area blank. Incomplete or incomprehensible forms will be mailed back to the inland wetlands agency.

Erosion & Sedimentation Control Compliance Agreement

I, (PRINT NAME) James V Paladino c/o DATTCO, Inc. hereby agree that any tree cutting, land clearing, earth excavation, earth filling or any other construction activity associated with an approved permit at:

(PROPERTY ADDRESS) _____
133 Tuttle Road, Middletown CT

shall be in compliance with a approved plot/site plan as well and the City of Middletown Erosion & Sedimentation Control Guidelines.

I understand that failure to comply with the City of Middletown Erosion & Sedimentation Control Guidelines shall be deemed a violation and shall result in an enforcement action that may include a \$150 per day municipal citation fine and shall preclude zoning approval required for the issuance of a Certificate of Occupancy.

The City of Middletown reserves the right to implement corrective action for Erosion & Sedimentation Control violations, and in such cases will seek reimbursement for expenses related to any corrective action deemed necessary by the City.

Signed: James V Paladino GM DATTCO INC.
