SAFETY POLICY STATEMENT

It is the policy of the City of Middletown that every employee is entitled to work under the safest possible conditions in the many occupations we represent. To this end, every reasonable effort will be made to provide and maintain a safe and healthy workplace, safe equipment, proper materials, and to establish and insist upon safe methods and practices at all times.

Accidents which injure people, damage machinery or equipment and destroy materials or property cause needless suffering, inconvenience and expense.

Safety rules and regulations have been developed for your protection. These rules and regulations are to be considered directive in nature and applicable to all employees.

It is a basic responsibility of everyone to make safety realization part of their daily concern. Employees are obligated to observe the rules of conduct and safety, and to properly use the safety equipment provided.

People are the most important asset to any organization; their safety our greatest responsibility. I expect your full cooperation in making this policy effective.

Sincerely,
