(b) In addition to the powers granted pursuant to this part, any town, city or borough may impose, by ordinance, a waiting period of not more than one hundred eighty days before granting any permit for the demolition of any building or structure or any part thereof, except when the demolition permit is required for the removal of a structure acquired by the Department of Transportation for a transportation project.

(February, 1965, P.A. 551, S. 7, 8; P.A. 73-595, S. 2; P.A. 77-177, S. 2; P.A. 78-288, S. 2; P.A. 82-451, S. 5, 9; P.A. 83-187, S. 1; P.A. 87-263, S. 4; P.A. 95-8; P.A. 07-26, S. 1; P.A. 09-35, S. 8; P.A. 11-256, S. 9.)

History: P.A. 73-595 made provisions applicable to cities and boroughs in addition to towns; P.A. 77-177 added exception in Subdiv. (3) for persons engaged in disassembly, transportation and reassembly of historic buildings for historical purposes; P.A. 78-288 extended exception in Subdiv. (3) to include persons engaged in farm building demolition or in renovation, alteration or reconstruction of single-family residences; P.A. 82-451 changed "license" to "certificate of registration"; Sec. 19-403g transferred to Sec. 29-406 in 1983; P.A. 83-187 added Subsec. (b) allowing municipalities to impose a waiting period of not more than 90 days; P.A. 87-263 amended Subsec. (a), substituting "building official" for "administrative officer"; required in Subdiv. (2), written evidence in the form of a certificate of notice executed by public utilities, and added an exemption in Subpara. (B) for owners engaged in the demolition of single-family residences or outbuildings; P.A. 95-8 amended Subsec. (a)(3)(A) to delete reference to "demolition" of single-family residences; P.A. 07-26 made a technical change in Subsec. (a) and amended Subsec. (b) to increase maximum waiting period from 90 to 180 days; P.A. 09-35 amended Subsec. (a)(3) to replace "certificate of registration" with "license"; P.A. 11-256 amended Subsec. (a) to replace "written evidence" with "written notice", amended Subsec. (b) to exempt transportation project permits from waiting period, and made technical changes, effective July 13, 2011.

Sec. 29-408: (Formerly Sec. 19-403i). Safety measures to be provided. Fence. (a) No person shall remove or demolish any building or structure or part thereof without providing adequate safety measures for all workmen and suitable protections for the public.

(b) No person shall demolish any building or structure, without causing to be erected and maintained, for the duration of the demolition operations, a fence or barricade meeting the requirements of this section. Each such fence or barricade shall be adequate for safety; shall be not less than eight feet high; shall extend along the street line for the entire length of the building or structure facing on the street, with each end returning back to the building line, and shall be solid for its entire length, except for such openings, provided with sliding doors swinging inward, as may be necessary for the proper prosecution of the work. The building official may waive the requirements of this subsection, or may make such further requirements as he deems necessary for the protection of the public, the adjoining properties or any person or persons of such owners and its use.

Sec. 29-409. (Formerly Sec. 19-403j). Sidewalk shed requirements. No person shall demolish any building or structure or part thereof, when such building, structure or part is within six feet of a street line, or is twelve feet or more in height, or is within six feet of an area which the owner or lessee provides and invites the public to use as it would a public way, or when the distance between such street line or area and such building, structure or part is more than six feet but less than one-half the total height of the object to be demolished, without causing to be erected and maintained a sidewalk shed meeting the requirements of this section. Such shed shall: (1) Extend for the full length of the building on all street fronts; (2) exist for the duration of the demolition operations; (3) be not less than four feet wide and six feet eight inches high in the clear; (4) be watertight, and (5) be adequately lighted for pedestrian traffic. When the roof of any such shed is used for the storage of material or for the performance of work of any kind, adequate railings, not less than three feet high, and solid toe boards, not less than six inches high, shall be affixed along the open sides and ends of such roofs. The roofs of such sheds shall be of sufficient strength and stability safely to sustain the weight of materials that may be placed thereon and the shocks incidental to the handling, preparation for use, trucking or delivery of materials. The requirements of this section, as they relate to street lines, shall not apply in any case in which all such streets are officially closed to pedestrian and vehicular traffic. The building official may waive any of the requirements of this section, if the object to be demolished is more than forty feet from any street line or area used as a public way and its demolition is accomplished by the removal of one story at a time.

(February, 1965, P.A. 551, S. 12; P.A. 87-263, S. 6.)

History: Sec. 19-403j transferred to Sec. 29-409 in 1983; P.A. 87-263 substituted "building official" for "administrative officer".
