Marek,

Public Works plans to use this property for future additional off street parking. These additional parking spots would be for the Pat Kidney field athletic complex and for a potential multi-use trail in the area.

Please let me know if you need anything else.

Subject: Land Donation

Hi Marek. The property owner is looking to donate the property to the City. Public Works may use it in the future to build a new sidewalks or walking trail along with additional off street parking for the Pat Kidney field, athletic complex.

He has attempted to sell it, but has not had any luck. Public Works is interested in it for their future use for the public.
