# MIDDLETOWN STREET GUIDE AND DIRECTORY OF HOUSEHOLDERS.

## EXPLANATORY NOTES

In the Street Guide residences and places of business are designated by their street number, and are arranged in numerical order.

Names are given of all in business and householders.

The streets are arranged in alphabetical order and the intersecting streets are given at the proper number where they intersect. In cases where no intersecting number could be given the street intersection is dropped.

In cases where streets are not numbered the householders are arranged in alphabetical order, and on streets which are partially numbered and there are houses that have no numbers, those residents having no numbers are arranged alphabetically following those that have numbers.

A dash (—) signifies that no number has been assigned.

The abbreviation r between the street number and the name signifies "rear."

The word vacant after a number signifies that the house or store at that number was vacant when canvass was made.

\* Denotes parties having telephones.

“Prosperity makes friends and adversity tries them.”  
 And it's true, too.  
 A bank account, made and added to in days of prosperity will prove a most reliable friend in time of adversity.  
 You ought to have the protection of a bank account.  
 May be you need it now—today.  
 But no man knows what the future may bring forth, and it's the part of wisdom to prepare for possible misfortune.
