THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

THE PRICE & LEE CO.

SECTION 28, COPYRIGHT LAW,

IN FORCE JULY 1, 1909.

That any person who willfully and for profit shall infringe any copyright secured by this Act, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

MIDDLETOWN STREET GUIDE
AND DIRECTORY OF HOUSEHOLDERS

EXPLANATORY NOTES

In the Street Guide residences and places of business are designated by their street number, and are arranged in numerical order.

Names are given of all in business and householders.

The streets are arranged in alphabetical order and the intersecting streets are given at the proper number where they intersect. In cases where no intersecting number could be given the street intersection is dropped.

In cases where streets are not numbered the householders are arranged in alphabetical order, and on streets which are partially numbered and there are houses that have no numbers, those residents having no numbers are arranged alphabetically following those that have numbers.

A dash (—) signifies that no number has been assigned.

The abbreviation r between the street number and the name signifies "rear."

The word vacant after a number signifies that the house or store at that number was vacant when canvass was made.

THE OTHER KINDS OF BANKS

There are other kinds of banks besides savings banks.
The savings bank differs from the others in these points:

1. The primary object of the savings bank is not to make money, by using funds in all kinds of business.
2. It is to help you add to your principal, rather than to help you get rich from your interest.
3. Its funds are more closely guarded.
4. Security is the main object, not profit.
5. It is run for the benefit of the depositors.

4% Compound Interest on Your Savings

Deposits over $5,000,000
Deposit Boxes to rent $3.00 per year and up.
