## GUARANTEED 99½% PERFECT

This book is as correct as our over one-half century of making directories can make it.

One hundred per cent perfection is our aim and ideal, but we are not fooling the public or ourselves that this has been attained.

Ever since Adam succumbed to Eve, perfection is *at least* one half of one per cent from "arrived".

To disprove our claim it would be only necessary for one to find at least *fifty* errors or omissions for every *ten thousand* names, over twenty years of age, in the alphabetical section, who have been residents of this community for at least one year prior to publication.

The first one who can accomplish this, and forward the same to our address, will receive the next publication gratis.

# MIDDLETOWN STREET GUIDE

## EXPLANATORY NOTES

The streets are arranged alphabetically with their description, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house or store at that number was vacant when canvass was made.

* Denotes parties having telephones.

# Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

THE Knowledge of "where to buy" is as important as where to sell goods.

**When You Think of a City**

YOU do not think of a vast conglomeration of bricks, concrete and steel, of so many thousand population, so many miles of streets. You think of a city as a place to live in and work in, a place to GROW in—physically, mentally, spiritually. You think of an attractive home, good schools, opportunities to display your initiative, access to the big fundamentals of life.

In the ESSENTIALS of city life, size makes little difference; you will find this true if you stop and reason it out. This enables us to tell you why Middletown may be just the city you are looking for.

Middletown is a comparatively small city; it is also a healthy one: its average death rate for the last ten years is 14.0 per thousand. It is attractively situated on the Connecticut river about 30 miles from its mouth; it is the natural urban center of the rich and prosperous southern Connecticut Valley. The surrounding country is picturesque—even impressive. Transportation by railway, river, trolley and motor truck is available; within a radius of 100 miles lie 20 cities of over 25,000 population and a total population of 3,000,000; New York is only 103 miles away and Boston 116 miles.

Middletown has 40 factories whose products in normal times are valued at over $7,000,000 a year. The normal payroll is $400,000 a month. Industry is highly diversified—steel, brass, stone, woolen, cotton and silk products predominating.

Middletown's stores have always been noted for the high quality and substantial character of their offerings.

In a civic and social sense Middletown is well worth consideration. Pure and abundant water is supplied by the famous Mt. Higby reservoir; a completely motorized fire department insures the safety of property; there are practically no unpaved streets. There are 40 acres of park land, 4 public playgrounds and a municipal athletic field. There is boating, tennis and golf. Civic, social, fraternal and religious work is organized and active; there are very few citizens who do not participate in one or more of these activities.

Educationally, Middletown bows to none. The seat of Wesleyan University and of Berkeley Divinity School, Middletown for upwards of a century has been a source of true American culture. There is a modern High School, elementary schools and two business colleges.

Middletown lacks the noise, the turmoil and bustle of big-city life; but these are UNESSENTIALS, as all realize. THE THINGS THAT COUNT are just such things as we have outlined. If you are contemplating a change of location, either for business or residence purposes, we urge your careful consideration of Middletown's advantages.
