OF OVER ONE HUNDRED CITIES AND TOWNS

# When You Think of a City

YOU do not think of a vast conglomeration of bricks, concrete and steel, of so many thousand population, so many miles of streets. You think of a city as a place to live in and work in, a place to GROW in—physically, mentally, spiritually. You think of an attractive home, good schools, opportunities to display your initiative, access to the big fundamentals of life.

In the ESSENTIALS of city life, size makes little difference; you will find this true if you stop and reason it out. This enables us to tell you why Middletown may be just the city you are looking for.

Middletown is a comparatively small city; it is also a healthy one: its average death rate for the last ten years is 14.0 per thousand. It is attractively situated on the Connecticut river about 30 miles from its mouth; it is the natural urban center of the rich and prosperous southern Connecticut Valley. The surrounding country is picturesque—even impressive. Transportation by railway, and motor truck is available; within a radius of 100 miles lie 20 cities of over 25,000 population and a total population of 3,000,000; New York is only 100 miles away and Boston 119 miles.

Middletown has 30 factories whose products in normal times are valued at over $14,000,000 a year. The normal payroll is $600,000 a month. Industry is highly diversified—steel, brass, stone, brick, woolen, cotton and silk products and typewriters predominating.

Middletown's stores have always been noted for the high quality and substantial character of their offerings.

In a civic and social sense Middletown is well worth consideration. Pure and abundant water is supplied by the famous Mt. Higby reservoir; a completely motorized fire department insures the safety of property; there are practically no unpaved streets. There are 40 acres of park land, 4 public playgrounds and a municipal athletic field. There is boating, tennis and golf. Civic, social, fraternal and religious work is organized and active; there are very few citizens who do not participate in one or more of these activities.

Educationally, Middletown bows to none. The seat of Wesleyan University, Middletown for a century has been a source of true American culture. There is a modern High School, a Junior-Senior High School, State Trade School, elementary schools and a business college.

Middletown lacks the noise, the turmoil and bustle of big-city life; but these are UNESSENTIALS, as all realize. THE THINGS THAT COUNT are just such things as we have outlined. If you are contemplating a change of location, either for business or residence purposes, we urge your careful consideration of Middletown's advantages.

## *"What You Should Know About Your City"*

*"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; than, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.*

PUBLISHERS OF DIRECTORIES

OF OVER ONE HUNDRED CITIES AND TOWNS

# MIDDLETOWN NUMERICAL DIRECTORY

## EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear".

The word "vacant" after a number signifies that the house, office or store at that number was vacant when canvass was made.

△Denotes householders and places of business having telephones.

"(Right even)" after street description indicates even numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

# The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

## APPEAL TO THE PUBLIC!

Let the **CITY DIRECTORY**
Give you **PUBLICITY**

If you fail to Advertise in the **City Directory** the public loses sight of you.

Ask yourself these questions:

Can I afford to be out of the **Public Eye?**

On whom do I depend?

How can I create a bond of sympathy with the **Public?**

**ADVERTISE YOUR GOODS**
**THAT GIVES YOU AN INDESTRUCTIBLE ASSET**

***Remember, your advertisement in the City Directory is before the Public 365 Days in the Year***

# DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE MEDIA DEPARTMENTAL OF THE ADVERTISING FEDERATION OF AMERICA

*The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:*

1. To consider, first, the interests of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all Departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publication.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*

# MIDDLETOWN CLASSIFIED DIRECTORY

## *Rapid Contacts for Sales and Service*

*Copyright 1935 by The Price & Lee Co.*

The Classification of Headings is made in accordance with a Standard List adopted by the Association of North American Directory Publishers, to secure uniformity in all Directories and to promote convenience of reference. The * denotes headings inserted by special contract or reference to general headings.
