Introductory.

THE fourth number of the Middletown Directory (new series) is herewith presented to the public.

Special care has been taken in the canvassing and compiling of names, securing that accuracy which will make the work a valuable guide to those who consult its pages.

To the numerous friends who have furnished us with valuable information, the publishers return thanks. The number of business firms who are represented in the advertising pages, show that the book is appreciated as an advertising medium. All *patrons* of the directory have their names in **Black** type, and in the business directory their names are in CAPITAL letters.

With the MIDDLETOWN Directory is included a Directory of PORTLAND, which will make a valuable guide for those having business dealing with residents of that place.

ERNEST KING & SON.
